

Enkhuizen, july 2014

Dear sir, madam,

Kaatje has been saved!

Thanks to over 750 donations Kaatje was transferred to Enkhuizen, has been intensively restored and is ready to be used by future generations of student sailors.

In order to keep Kaatje in perfect shape a lot of maintenance work is needed every year, and to be able to finance this maintenance we need your help.

You can help us by donating and becoming "Kaatje-friend" by allowing us to cash a minimum of euro 10,- per year from your bank account; in return we will keep you updated once a year on the ins and outs. Of course all gifts and donations are welcome, and it is also possible to become patron or patroness if you donate a minimum of euro 100,- per year.

Your gift will make it possible to keep Kaatje the best (analogue!) sailing simulator in the world, ready for everyone to enjoy and admire!

On behalf of "Kaatje" we sincerely thank you!
The board of the EZS
